KYOTO

Kyoto embodies the essence of warm minimalism, a growing decorative trend that combines formal simplicity with materials that convey calm, balance, and comfort. Inspired by limestone, specifically the limestone sourced from Verona, this collection stands out for its delicate and elegant pattern, offering a visual serenity that is ideal for creating welcoming spaces.

Its tranquil aesthetic invites contemplation and allows for great decorative freedom. Kyoto acts as a subtle canvas that harmonizes with other materials and styles, softening richly ornamented settings and enhancing the overall coherence of interior design. Its understated beauty makes it a perfect choice for countertops, façades, or kitchen fronts, where every detail contributes to a unified and refined look.

Kyoto representa la esencia del minimalismo cálido, una tendencia decorativa en auge que une simplicidad formal con materiales que transmiten calma, equilibrio y confort. Inspirada en una piedra caliza procedente de Italia, esta colección destaca por una gráfica delicada y elegante que aporta serenidad visual, ideal para crear espacios acogedores.

Su estética calmada invita a la contemplación y ofrece gran libertad decorativa. Kyoto actúa como un lienzo sobrio que armoniza con otros materiales y estilos, suaviza entornos muy ornamentados y realza la coherencia de los proyectos. Su belleza discreta la convierte en una opción perfecta para encimeras, fachadas o frontales de cocina, donde cada detalle suma a la integración del conjunto.
