— THINK

Walking in silence through the cobblestone streets of a big city or through nature is the best way to reach great conclusions, to think and rethink how to take advantage of what we have to achieve our goals. Our Think series starts from this premise to demonstrate that it is possible to resignify the materials present in our daily lives with the ultimate goal of achieving technical excellence.

The creation of this multiformat series has required the use on the relief of six colored inks, a matte glaze, vacuum grain, digital glue, micro-grit glaze and a sparkling technique, a process that gives the collection with unique points of light. The big novelty is our honed finish, that completes this collection and uses 3D vacuumed grain with a polished matte finish to give the piece a light relief and a very soft touch.

Pasear por las calles adoquinadas de una gran ciudad en pleno silencio o a través de la naturaleza es la mejor forma de llegar a grandes conclusiones, de pensar y repensar cómo aprovechar aquello que tenemos para conseguir nuestros objetivos. Think parte de esta premisa para demostrar que es posible resignificar los materiales presentes en nuestro día a día con el fin último de alcanzar la excelencia técnica.

La confección de esta serie multiformato ha requerido emplear sobre el relieve seis tintas de color, un esmalte mate, cola digital, granilla aspirada y sparkling a campo lleno, un procedimiento que dota a la colección de puntos de luz únicos. La gran novedad es nuestro acabado Honed, que completa la colección y usa granilla 3D aspirada con un acabado pulido mate para dar a las piezas un relieve ligero y un tacto muy suave.
