

TINY SAGE 10X10

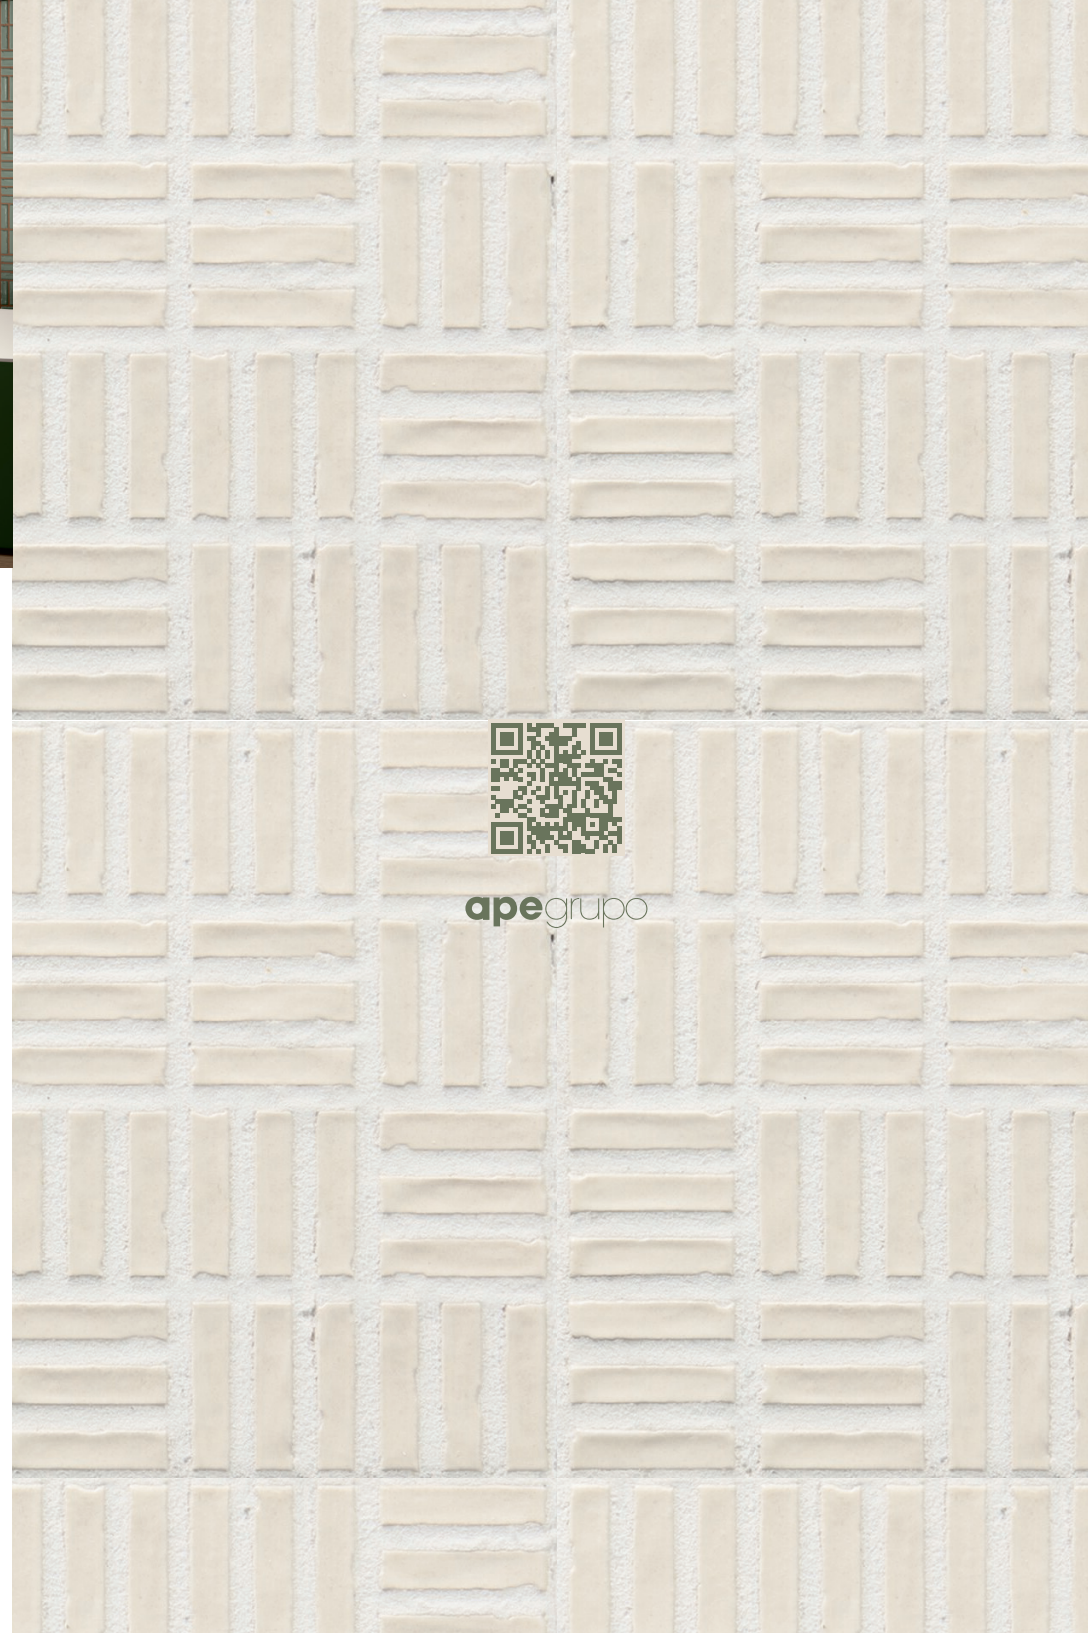

TINY BY DAVIDE DOPPIONI

Tiny recaptures the essence of ancient mosaics, like those of Pompeii or Byzantium where small tesserae told grand stories of gods and heroes. Here, each irregular piece becomes a contemporary tessera, adding freshness and movement to the design.

With its delicate reliefs and renewed artisanal spirit, the collection celebrates the beauty of imperfection. Tiny transforms the miniature into the protagonist, proving that, as in classical murals, the sum of fragments can build an entire universe of meaning and expression, rich in both narrative and visual rhythm.

Tiny rescata la esencia de los mosaicos antiguos, aquellos que en Pompeya o Bizancio narraban historias de dioses y héroes a través de pequeñas teselas. Cada pieza irregular se convierte en una tesela contemporánea que aporta frescura y movimiento.

Con sus relieves delicados y su aire artesanal renovado, la colección celebra la belleza de lo imperfecto. Tiny convierte lo pequeño en protagonista, demostrando que, como en los murales clásicos, la suma de fragmentos puede levantar un universo entero lleno de significado y expresión.
