Memoria e presente

BACKSTAGE di Flaviker nasce attraversando percorsi impressi nella nostra memoria per presentare soluzioni estremamente contemporanee, guidate dalla contaminazione e dalla voglia di sperimentare. Nell'essenza del prodotto confluiscono le reminescenze delle terrecotte calpestate e segnate dal tempo con le nuance dei cementi vissuti. Dalla rilettura di questi materiali **BACKSTAGE** svela superfici inedite ispirate al mondo dell'archeologia industriale, ai luoghi informali di lavoro e a tutto ciò che normalmente resta "dietro le quinte", trasformando l'autenticità della materia in un valore assoluto, che si rende protagonista degli ambienti più ricercati.

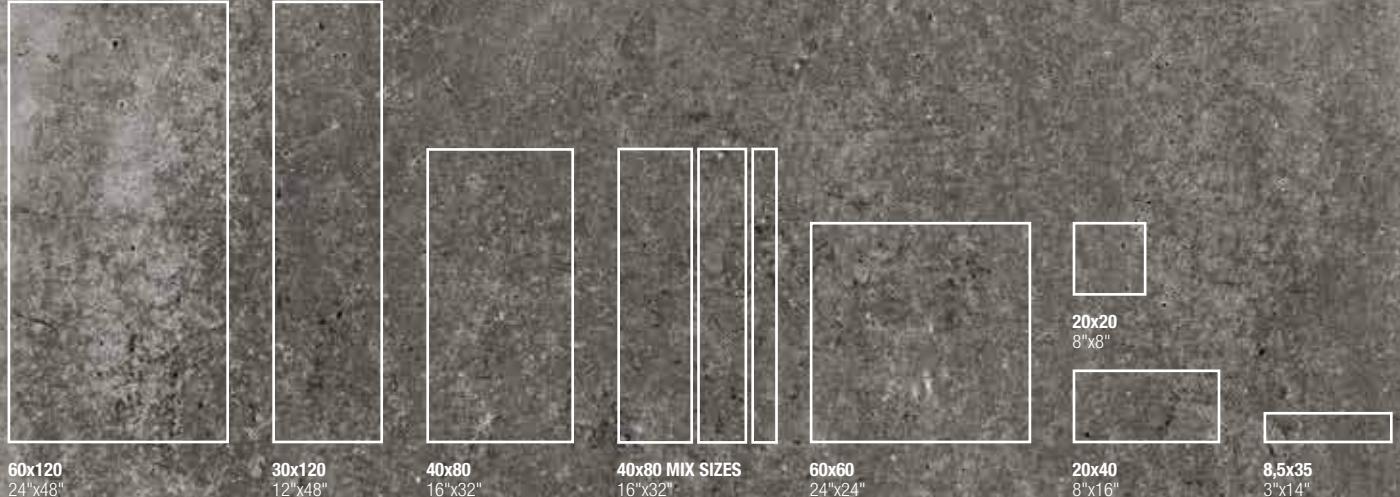

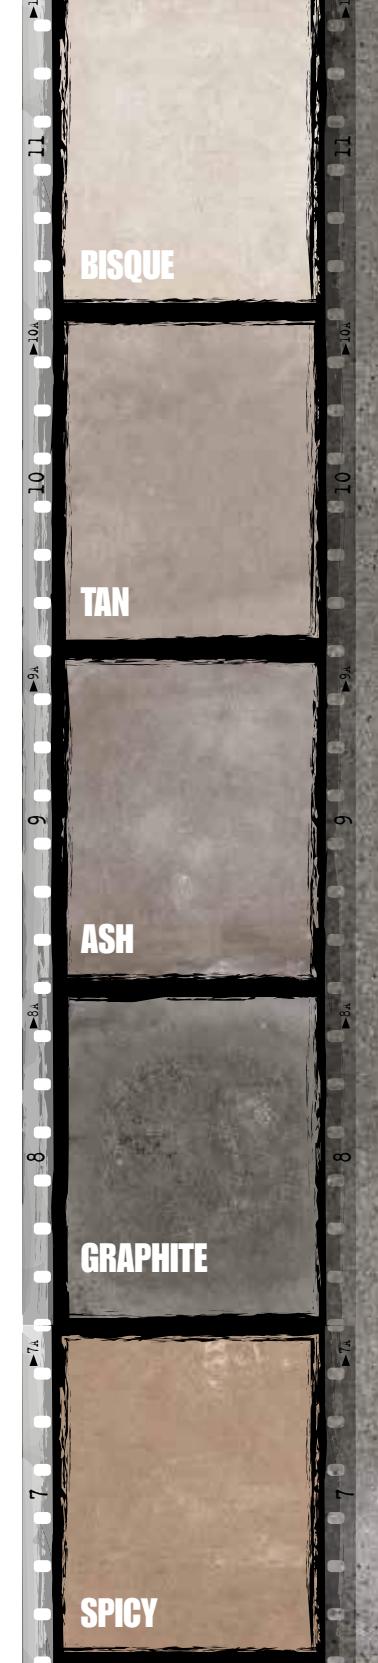

THE PAST AND THE PRESENT **BACKSTAGE** by Flaviker was built on past memories to create extremely contemporary solutions, contaminated by different styles and the desire to experiment new ideas. The product is reminiscent of old, worn terracotta tiles and shades of concrete. **BACKSTAGE** reinterprets these materials to reveal unique surfaces inspired by industrial architecture, informal workplaces and anything which is normally found only "backstage", transforming the authenticity of the material into an absolute value which takes centre stage in more sophisticated living spaces. | **MÉMOIRE ET PRÉSENT** **BACKSTAGE** de Flaviker naît en traversant des parcours imprimés dans notre mémoire pour présenter des solutions extrêmement contemporaines, guidées par la contamination et l'envie d'expérimenter. Dans l'essence du produit convergent les réminiscences des terres cuites piétinées et marquées par le temps avec les nuances des ciments vécus. À partir de la relecture de ces matériaux, **BACKSTAGE** révèle des surfaces inédites qui s'inspirent du monde de l'archéologie industrielle, des lieux informels de travail et de tout ce qui reste habituellement « derrière les coulisses », en transformant l'authenticité de la matière dans une valeur absolue, qui devient le protagoniste des environnements les plus recherchés. | **ERINNERUNG UND GEGENWART** Für die Entwicklung von **BACKSTAGE** von Flaviker sind wir die in unsere Erinnerung eingeprägten Wegen erneut gegangen, um - von der Kombination der Stile und der Lust zu experimentieren angeregt- extrem zeitgemäße Lösungen zu präsentieren. In die Essenz des Produkts fließen die Andenken an Terracotta-Böden, die durch das Betreten und den Lauf der Zeit zerfurcht wurden, in den Nuancen von gelebtem Zement ein. Dank einer Neuauslegung dieser Materialien offenbart **BACKSTAGE** komplett neue Oberflächen, die an der Welt der industriellen Archäologie, der informellen Arbeitsplätzen und all dem inspiriert sind, was normalerweise "hinter den Kulissen" bleibt, wodurch die Echtheit des Materials zu einem absoluten Wert wird, der in den edelsten Umgebungen die Hauptrolle spielt. | **ПАМЯТЬ И НАСТОЯЩЕЕ** **BACKSTAGE** от Flaviker был создан посредством восприимчивости нашей памяти, способной предложить очень современные решения, управляемые контаминацией и желаниями экспериментировать. Особенность материала является его схожесть с отмеченной временем терракотой и обветшальным цементом. Поэтому поверхность коллекции **BACKSTAGE** переносит нас в мир индустриальной археологии, на абстрактные рабочие места, туда где все, как правило, остается "за занавесом", трансформируя подлинность материи в абсолютную ценность, которая выходит на первый план в оформлении изысканных пространства.

Tutte le forme del design

BACKSTAGE propone un programma di grès rettificato a massa colorata studiato per incontrare al meglio le esigenze del privato e del professionista. Quattro colori ibridi raccontano l'incontro inaspettato di argille e calcestruzzi, in lastre ceramiche di dimensione variabile, anche modulare, per realizzare pavimenti e arredare pareti, praticamente in ogni contesto. Le superfici sono declinate in 2 versioni: satinata e strutturata per l'utilizzo più specifico negli ambienti esterni. Il completamento dei mosaici e degli inserti decorativi, che comprende anche le originali esagoni 8,5x8,5, rompe la tradizionale ortogonalità del prodotto ceramico per suggerire schemi compositivi sempre nuovi.

VARIETY OF DESIGN BACKSTAGE proposes a range of full-body coloured, rectified stoneware, specially designed to meet the needs of both private customers and professional designers. Four hybrid shades with an unexpected blend of clay and cement, in slabs of various dimensions, including modular pieces which are ideal for use as flooring and wall coverings in almost every setting. There are two variations: with a satin finish or a textured finish specifically designed for outdoor use. The range is completed by mosaics and decorative inserts, including original 8,5x8,5 hexagonal tiles, which break away from the traditional orthogonality of ceramic products allowing more freedom in tile layouts. | **TOUTES LES FORMES DU DESIGN** BACKSTAGE propose un programme de grès rectifié à masse colorée pour rencontrer au mieux les exigences du particulier et du professionnel. Quatre couleurs hybrides racontent la rencontre inattendue entre les argiles et les bétons, en carreaux céramiques de dimension variable, modulaire aussi, pour réaliser des sols et décorer les murs, quasiment dans chaque contexte. Les surfaces sont déclinées dans 2 versions : satinée et structurée pour l'utilisation plus spécifiques dans les environnements extérieurs. La présence des mosaïques et des insertions décoratives, qui comprend aussi les hexagones originaux 8,5x8,5, rompt l'orthogonalité traditionnelle du produit céramique afin de suggérer des schémas de composition toujours nouveaux. | **ALLE FORMEN DES DESIGNS** BACKSTAGE bietet ein Programm an durchgefärbtem rektifiziertem Feinsteinzeug an, das mit dem Ziel entwickelt wurde, den Bedürfnissen von Privatpersonen und Fachleuten bestens entgegenzukommen. Vier hybride Farben erzählen von der unerwarteten Begegnung zwischen Tonern und Beton in Keramikplatten mit unterschiedlichen Ausmaßen, die teils modular miteinander sind, mit denen man praktisch in jedem Kontext Fußböden schaffen und Wände gestalten kann. Die Oberflächen werden in 2 Versionen ausgearbeitet: Satiniert und strukturiert für den spezifischeren Einsatz in den Außenbereichen. Die Ergänzung durch Mosaike und dekorative Einsätze, zu denen auch die originellen sechseckigen im Format 8,5x8,5, zählen, bringt mit der traditionellen Rechtwinkeligkeit des Keramikprodukts, um immer neue Zusammensetzungsschemen vorzuschlagen. | **БЦЕ ФОРМЫ ДИЗАЙНА** BACKSTAGE предлагает коллекцию ректифицированного окрашенного в массе керамического гранита, способного удовлетворить потребности как частного клиента, так и профессионала. Четыре гибридных цвета придают глине и цементу неожиданный эффект, который с помощью керамических пластин различного размера, включая модульные, способны создавать напольные и облицовочные покрытия, практически в любом контексте. 2 типа поверхности: матовая и структурированная, для специального вне домового использования. Дополнительно для создания новых композиций можно воспользоваться мозаикой и декоративными вставками, которые включают в себя оригинальные шестиугольники 8,5x8,5 и традиционные ромбы.
