FLORIM È CERTIFICATA B CORP

FLORIM IS
B CORP
CERTIFIED

Guardiamo al business come una forza positiva in grado di generare profitto e allo stesso tempo creare un impatto virtuoso sulle persone e sull'ambiente. Da sempre.

Le nostre scelte, giorno dopo giorno, ci hanno portato a migliorare il nostro modo di fare impresa.

We conceive the business as a positive force able to generate profits and at the same time create a virtuous impact on people and the environment. Since forever.

Our choices, day after day, have led us to improve our way of doing business.

COSA SIGNIFICA ESSERE B CORP?

Ci siamo misurati con i **più alti standard di performance sociale e ambientale** e dopo un lungo e rigoroso processo di verifica **siamo diventati B Corp.**

Le aziende che riescono a ottenere questa certificazione sono le più evolute al mondo in termini di impatto positivo sia sociale che ambientale.

Costituiscono un movimento globale di 'Purpose Driven Businesses' che ha l'obiettivo di diffondere un nuovo **paradigma economico**, che vede le imprese come protagoniste nel **rigenerare la società.**

Certified

Corporation

Guarda il video *"Essere sostenibile è una scelta quotidiana"* con i volti di alcune delle "persone Florim" che ogni giorno contribuiscono a rendere l'azienda sempre più responsabile.
Watch the video "Being sustainable is a daily choice" with the faces of some of the "Florim people" who contribute to making the company even more responsible, every day.

WHAT DOES IT MEAN TO BE B CORP?

We vied with the **highest social and environmental performance standards**, and after a long and scrupulous verification process, **we became B Corp.**

Companies that succeed in obtaining this certification are the most evolved in the world in terms of their positive social and environmental impact.

They constitute a global movement of 'Purpose Driven Businesses' whose aim is to diffuse a **new economic paradigm**, whereby companies are the drivers of **social regeneration.**

BUSINESS RIGENERATIVO

È in corso un **cambiamento culturale** epocale di cui siamo orgogliosi di essere parte. Uno dei principi fondamentali di tutte le B Corp è quello di adottare un business rigenerativo che si contrappone a quello estrattivo.

Rigenerare significa non solo diminuire l'impatto sulla natura e sull'ambiente che ci circonda, ma addirittura produrre effetti positivi, creando valore condiviso nella società e rigenerando la biosfera.

Diventano B Corp solo quelle aziende che misurano il loro impatto complessivo attraverso il Benefit Impact Assessment (BIA) superando il punteggio di 80 (in una scala da 0 a 200) ed entrando così in una élite di imprese **rigenerative**. Chi non supera questa soglia viene considerata **azienda estrattiva** ovvero per funzionare consuma risorse economiche, sociali e ambientali superiori di quanto sia in grado di generare come output.

REGENERATIVE BUSINESS

An historical **cultural shift** is under way, of which we are proud to be a part. One of the underlying principles of all B Corps is the adoption of a regenerative business model as opposed to an extractive one.

Regenerating means not only reducing the impact of business on our surrounding nature and environment, but also producing **positive effects, creating shared value in society and regenerating the biosphere**.

Only those companies that measure their overall impact through the Benefit Impact Assessment (BIA) exceeding the score of 80 points can be certified as B Corp, joining an elite of **regenerative companies**. Anyone who does not exceed this threshold is considered an **extractive company** or, in order to function, they consume higher economic, social and environmental resources than they are able to generate as output.

IL PUNTEGGIO DI FLORIM

Il punteggio conseguito da Florim Italia è di 98,1 punti e il consolidato, che comprende la consociata americana, è di 90,9 punti. Così Florim rientra tra le migliori B Corp al mondo.

Sono oltre 140.000 le aziende che stanno cercando di ottenere la certificazione, nel rispetto di **severissimi standard di trasparenza e sostenibilità**.

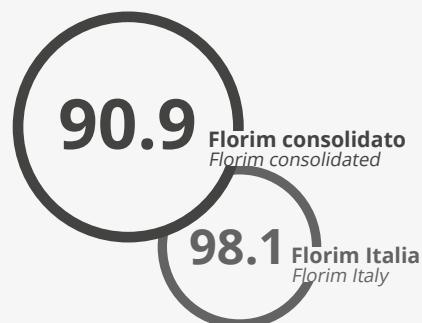

Solo il 3% riesce a superare l'iter di verifica imposto da **B Lab**, ente certificatore di origine americana che oggi opera a livello globale.

FLORIM'S SCORE

Florim Italia score is 98.1 points and the consolidated, which includes the American subsidiary, is 90.9 points. Florim is now one of the best B Corps throughout the world.

More than 140,000 companies are currently seeking to obtain the certification **in compliance with the strictest transparency and sustainability standards**.

Only 3% manage to pass the verification process implemented by **B Lab**, the US certifying body that currently operates on a global scale.

Contemporary design

Materiale versatile, dinamico, fresco adatto per vestire ogni ambiente domestico secondo il proprio stile e la propria personalità. Le differenti superfici sono la giusta risposta anche per le applicazioni commerciali a medio e basso traffico.

A versatile, dynamic, new material suitable for clothing any domestic environment according to one's own style and personality. The different surfaces are the perfect solution even for commercial applications with medium to low footfall.

Matériau polyvalent, dynamique et actuel, idéal pour le revêtement de tout environnement domestique en s'adaptant au style et à la personnalité de chacun. Les différentes surfaces offrent également une solution idéale pour les applications commerciales à trafic moyen et faible.

Vielseitig einsetzbares, dynamisches, frisch wirkendes Material, das sich auf den individuellen Stil und die Persönlichkeit eines jeden Wohnambiente abstimmen lässt. Die verschiedenen Flächenbeläge sind auch für wenig bis mittelhoch frequentierte gewerbliche Bereiche die ideale Lösung.

Material versátil, dinámico y fresco, ideal para vestir cualquier ambiente doméstico con su propio estilo y personalidad. Las diferentes superficies son la respuesta perfecta también para aplicaciones comerciales de mediano y bajo tránsito.

MATCH-UP

Contemporary design

MATCH-UP

Dall'incontro tra due materie diverse nasce un progetto contemporaneo e di tendenza che mescola insieme superfici, colori e linguaggi per proporre accostamenti originali. **Match-Up** è un gioco di contrasti che attraverso un patchwork materico si presta ad un equilibrato mix and match di stili e colorazioni. Sono due le superfici di partenza con cui creare molteplici accostamenti: un effetto cemento, dall'estetica urbana e industriale, e un originale effetto graniglia che amalgama insieme elementi materici tono su tono di forme irregolari e dimensioni variabili. In **Match-Up** tonalità neutre si sommano con gli accenni cromatici del giallo senape e dell'azzurro, suggerendo piacevoli abbinamenti tra le tinte calde di Cookie, Coffee, Cinnamon e quelle fredde di Earl Grey, Liquorice, Blueberry. Il colore Sugar, facilmente coordinabile a tutti gli altri, diventa l'elemento trasversale capace di assumere significati diversi a seconda del contesto in cui viene inserito.

MATCH-UP

The union of two different materials has resulted in a contemporary, trendy project that mixes surfaces, colours and languages to offer original combinations. **Match-Up** features an interplay of different contrasts through tactile patchwork suited to a balanced mix and match of styles and colours. There are two basic surfaces that can be used to create multiple combinations: a concrete effect with an urban and industrial aesthetic and an original marble agglomerate effect that blends tone-on-tone tactile elements with irregular shapes and varying sizes. In **Match-Up** neutral shades are combined with chromatic hints of mustard yellow and light blue, offering pleasant combinations of the warm shades of Cookie, Coffee and Cinnamon, as well as colder tones of Earl Grey, Liquorice and Blueberry. The Sugar colour, which can be easily coordinated with all the others, becomes the collection's most versatile element that can take on different meanings depending on the context in which it is inserted.

Contemporain et tendance, mélangeant surfaces, couleurs et langages pour donner lieu à des associations originales: tel est le projet né de la rencontre entre deux matières différentes. **Match-Up** est un jeu de contrastes qui à travers un patchwork de matières se prêtant à un mix and match équilibré de styles et de couleurs. Deux surfaces de base permettent de créer une multitude d'associations: un effet béton à l'esthétique urbaine et industrielle et un effet grenaille original qui amalgame des éléments de matière ton sur ton, de forme irrégulière et de taille variable. Dans **Match-Up**, les tonalités neutres et contemporaines s'associent aux accents de couleurs du jaune moutarde et du bleu clair, suggérant d'agréables combinaisons entre les teintes chaudes de Cookie, Coffee, Cinnamon et celles froides de Earl Grey, Liquorice, Blueberry. La couleur Sugar, qui se coordonne facilement avec toutes les autres, devient l'élément le plus polyvalent, prenant des significations différentes en fonction du contexte où elle s'inscrit.

Aus dem Spannungsfeld von zwei unterschiedlichen Materialien geht ein zeitgemäßes, trendiges Konzept hervor, das durch einen Mix aus Oberflächen, Farben und Ausdrucksformen originelle Kombinationen bietet. **Match-Up** ist ein Spiel der Kontraste. Es lockert die Schlichtheit minimalistischer Interieurs durch ein Patchwork aus Materialoptiken in einem ausgewogenen Mix and Match aus Stilthemen und Farben auf. Aus zwei Ausgangsoberflächen lassen sich vielfältige Kombinationen, die Mode- und Lifestyle-Trends aufgreifen, realisieren: eine Betonoptik für einen urbanen Industrie-Look und eine originelle Ceppo di Grè-Optik, bei der Ton in Ton Materialfragmente mit unregelmäßiger Form und unterschiedlicher Größe harmonisch zusammengefügt sind. In der Kollektion **Match-Up** fügen sich moderne, neutrale Farben zu senfgelben und himmelblauen Nuancen. Die Kollektion inspiriert zu ansprechenden Kombinationen zwischen den warmen Farbtönen Cookie, Coffee, Cinnamon und den kalten Nuancen Earl Grey, Liquorice und Blueberry. Außerdem wird die Farbe Sugar, die sich leicht mit allen anderen kombinieren lässt, zum wiederkehrenden Universalelement der Kollektion, das je nach Einsatzumfeld unterschiedlich stark zum Ausdruck kommt.

A partir de la suma de dos materias distintas nace un proyecto contemporáneo y de moda que mezcla superficies, colores y lenguajes para proponer combinaciones originales. **Match-Up** brinda un juego de contrastes por medio de un patchwork matérico que se presta a un equilibrado mix and match de estilos y coloraciones. Dos son las superficies de partida con las que crear múltiples combinaciones: un efecto cemento, de estética urbana e industrial, y un original efecto arenilla que amalgama conjuntamente elementos matéricos tono sobre tono de formas irregulares y medidas variables. En **Match-Up** los tonos neutros se suman a los matices cromáticos del amarillo mostaza y del azul, sugiriendo agradables combinaciones entre los colores cálidos de Cookie, Coffee, Cinnamon y los fríos de Earl Grey, Liquorice, Blueberry. La tonalidad Sugar, fácilmente coordinable con todas las demás, se convierte en el elemento transversal y más versátil de la colección, capaz de adquirir significados diferentes según el contexto en que se introduzca.

In relazione alle differenti tecnologie produttive l'accostamento di prodotti con spessori diversi potrebbe presentare delle disomogeneità, se ne sconsiglia pertanto l'abbinamento.
 Due to the different production technologies, contiguous installation of products with different thickness may give a non-homogeneous result. For this reason we do not recommend this option. / Vu que différentes technologies de production sont utilisées avec des épaisseurs différentes, des problèmes d'homogénéité pourraient se présenter, il est donc déconseillé de les poser ensemble. / Wegen unterschiedlicher Produktionstechnologien können die Fliesen mit verschiedenen Materialstärken optische Differenzen aufweisen. Von einem direkten Aneinanderlegen wird deshalb abgeraten. / Dadas las diferentes tecnologías productivas, la combinación de productos de diferentes espesores podría dar lugar a heterogeneidad, por lo que se desaconseja mezclarlas.

Le lastre ceramiche sono sottoposte a un trattamento di compattazione termica che assicura resistenza e durata nel tempo. Il bassissimo assorbimento d'acqua rende perciò il materiale ingelivo. Ciò può comportare ristagni d'acqua superficiali anche per materiale installato a regola d'arte. / Ceramic tiles undergo a compacting thermal treatment that ensures resistance and durability. The low level of water absorption makes the slabs frost resistant. This could result in superficial water stagnations even if materials are installed in a workmanlike manner. / Les carreaux de céramique subissent un traitement thermique de compactage qui assure résistance et durabilité. Le bas niveau d'absorption d'eau rend les dalles résistant au gel. Il pourrait en résulter des stagnations d'eau superficielles, même si les dalles ont été installées dans les règles de l'art. / Die Keramikplatten werden einer thermischen Verdichtung unterzogen, welche die Widerstandsfähigkeit und Langlebigkeit sichert. Die extrem niedrige Wasseraufnahme macht das Material frostsicher. Die hohe Materialdichte kann, auch bei einer perfekten Verlegung, eine längere Abtrochnungszeit von angestaumtem Wasser zur Folge haben. / Las baldosas cerámicas se someten a un tratamiento de compactación térmica que asegura resistencia y durabilidad. La baja absorción de agua hace que las baldosas resistan al hielo. Esto podría resultar en estancamientos superficiales de agua, incluso si los materiales están instalados según las reglas del arte.
