

I PIGMENTI

Il colore, unito alla natura primitiva delle terre e delle argille, è la primaria fonte ispirativa di questa collezione, le cui superfici, in perfetto equilibrio tra antico e contemporaneo raccontano la gestualità di chi trasforma la materia prima in superfici da abitare.

Colour, combined with the primitive nature of earth and clay is the key inspirational source for this collection.

Its surfaces, which offer a perfect balance of antique and contemporary style, recount the actions of those who transform raw materials into living surfaces.

Decor

3D tech

La tecnologia 3D Tech consente di applicare differenti materie ceramiche, anche a spessore, in perfetta corrispondenza con la grafica sottostante, realizzata in digitale ad altissima definizione. Un processo produttivo rivoluzionario, che combina la matericità con l'estetica del prodotto, fino ad ottenere superfici dallo straordinario valore sensoriale.

The new 3D Tech technology allows thick layers of various ceramic materials to be applied in perfect alignment with the underlying graphic designs, which are created digitally with extremely high definition. This revolutionary production process combines material and aesthetic effects to create surfaces with extraordinary sensorial appeal.

Fughe Mapei dalle prestazioni uniche, selezionate per abbinarsi alle superfici Pigmenti e garantire la massima resa estetica.

Mapei grouts with unique performances has been selected to match the Pigmenti surfaces and guarantee a superbly stylish result.

I colori esposti sono indicativi e possono variare per motivi di stampa. Per una corrispondenza più accurata dei colori, fare riferimento ai campioni "Fughe Colorate" Mapei. I colori possono essere influenzati dalla superficie accostata e dalla luminosità dell'ambiente. Tutte le fugature Mapei per ceramica e materiali lapidei sono conformi alla norma EN 13888. I colori esposti sono indicativi e possono variare per motivi di stampa. Per maggiore precisione riferirsi ai campioni reali.

Due to the printing processes involved, the colours should be taken as merely indicative of the shades of the actual product. For an accurate colour representation, please refer to Mapei "Coloured Grouts" samples. Colours can be affected by the surface (where they are used) and the brightness of the environment. All Mapei grouts for ceramic tiles and stone material are in compliance with EN 13888 standards. Due to the printing processes involved, the colours should be taken as merely indicative of the shades of the actual product. Please refer to the real colour samples.
