Ispirata alle foreste nordiche mitiche e fatate ogni piastrella è un frammento di natura, un richiamo alla terra e alla sua generosità. Con il suo effetto piallato, la sua varietà di sfumature è un legno intenso che rende gli ambienti in un palcoscenico di storie da raccontare.

Inspired by mythical, fairy-tale-like Nordic forests, every tile embodies a fragment of nature, a poignant reminder of the earth and its treasures. With its planned effect and array of different shades, this intense wood transforms rooms into a stage where captivating stories unfold.
