MYSTONE SILVER ROOT

Mystone Silver Root

Mystone Silver Root unleashes the forthright personality of the inspiration natural stone, with striking veining on a background with strong variations in shade. Thanks to the 3D Ink technology used in the production process, the veining has great depth and richness of detail, giving an extremely realistic effect. The Grigio colour, typical of the natural stone, is accompanied by the paler yet warm Bianco and Beige. The entire colour range extends over the 4 sizes, 90x180, 120x120, 60x120 and 60x60, and the R10 surface, making this product both durable and versatile. Two mosaics complete the collection: the classic 30x30 mosaic and the Prisma mosaic in 30.3x30.3 size, made up of chips with uneven edges. They are both available in all collection colours. With these outstanding qualities, Mystone Silver Root enables the design of interiors of immense personality, where the floor is the stylistic focus.
