Sentieri

The elegance of terracotta, concrete, and Limestone stone inspires Sentieri, the new porcelain stoneware collection developed in the sizes 15x15 and 15x30 and in six colours: Cotto, Pomice, Lead, Nickel, Ivory, and Sand. The slightly irregular edges give character to the graphics characterized by a very natural and light structure, and the modularity of the formats allows for creating unique layouts. The R10 surface makes the collection suitable for both residential and light commercial contexts, while the 60x60 size with 20mm thickness - available in Nickel and Ivory colours - also allows for dry installation on grass, sand, gravel, raised, and high-traffic contexts.
