Anni 20, anni ruggenti. Uno stile particolare e ricercato che denota una forte personalità. Si traduce per noi in un design dalle forme decise ed eleganti. Geometrie nette, figure plastiche o a raggiera declinate in bianco e nero ed arricchite da particolari in ottone e acciaio.

Twenties, roaring years. A non common and refined style which underlines a strong personality. The result is for us a design made by sharp and elegant shapes. Clean geometries, plastic or radial forms in black and white enriched with brass and steel details.
